## INSIDE THE SHROUD

A surprising investigation that deals with the many enigmas of the most famous and controversial relic of all time: the Shroud of Turin. Historians and biblical scholars are questioned together with men of science and university lecturers who have discovered how Science does not allow to liquidate too easily the Shroud as a simple “medieval fake”. Has the “Holy Linen” really wrapped the body of Jesus Christ after the Crucifixion? No one can say that for sure, but the story of the Gospels is surprisingly reflected in the fabric and stains of the Shroud. Not only that: the most advanced research also says that the image of the Man of the Shroud could not be easily reproduced even today. But then, what secrets continue to be hidden “Inside the Shroud”?
